Introduction

Our Wholesale Charges document¹ sets out the charges that, in the absence of any contractual agreement, our Licensed Providers must pay for the services we provide in the course of carrying out our water and sewerage undertaker duties.

Ofwat's Wholesale Charging Rules, published in October 2021, requires undertakers to publish their 2023-24 Indicative wholesale charges no later than 13th October 2022.

This document sets out our Indicative Wholesale Charges for 2023-24.

Indicative charges were reviewed by the Board of Directors in September 2022 based on the best information at the time. We will publish our final Wholesale Charges for 2023-24 by 13th January 2023. Our final Wholesale Charges will be updated to reflect the latest available information, including November CPIH and any information received through ongoing stakeholder engagement before their final approval by the Board.

This document sets out:

- Indicative primary charges;
- Indicative non-primary charges; and
- Indicative wholesale special agreement information.

In the interests of transparency, we have also published Indicative Wholesale Charges using the standard wholesale schedule template.

We also intend to publish a charge for Final Effluent this year which will be included in our final Wholesale Charges publication.

¹ Published on our website here: <https://corporate.wessexwater.co.uk/our-performance/our-charges>

Wessex Water Services Ltd
2023-24 Indicative Wholesale Charges

Primary charges

The following schedules set out Wessex Water's Indicative Wholesale Charges for 2023-24 non-household primary charges.

Schedule 1

Unmeasured wholesale water charges

Category of charge	£
Unmeasured fixed charges (£ per annum)	
Sprinkler Fee	114
Special Category	70
Unmeasured variable charges (£ per RV)	
Rateable Value Charge	2.1483
Other unmeasured charges (£ per annum)	
Assessed Band 1	123
Assessed Band 2	204
Assessed Band 3	260
Assessed Band 4	305
Assessed Band 5	365
Assessed Band 6	413
Assessed Band 7	460
Assessed Band 8	504

Schedule 2**Measured wholesale water charges****For a non-interruptible supply of measured water:**

Category of charge	Customer water usage (m ³ per annum)			
	0-19,999	20,000-161,999	162,000-341,999	≥342,000
Measured Charge <25mm meter (£ per annum)	4			
Measured Charge ≥25mm meter (£ per annum)	53			
Site Based Charge (£ per annum)		110	154	248
Volume Charge ≤20,000m ³ (£ per m ³)	2.2866	2.2866	2.2866	2.2866
Volume Charge >20,000m ³ ≤100,000m ³ (£ per m ³)		1.8693		
Volume Charge >100,000 ≤150,000m ³ (£ per m ³)				
Volume Charge >150,000m ³ (£ per m ³)				

Where the customer elects for an interruptible supply the above charges apply save for those that are varied as per the managed demand tariffs as follows:

Category of charge	Customer water usage (m ³ per annum)	
	5,000-19,999	≥20,000
Measured Charge <25mm meter (£ per annum)	168	
Measured Charge ≥25mm meter (£ per annum)	217	
Site Based Charge (£ per annum)		401
Volume Charge ≤20,000m ³ (£ per m ³)	2.1462	2.1462
Volume Charge >20,000m ³ (£ per m ³)		1.7549

Schedule 3**Unmeasured wastewater charges**

Category of charge	£
Unmeasured variable charges for customers using foul water service (£ per RV)	
Rateable Value Foul Water Charge	1.4860
Rateable Value Surface Water Drainage Charge ²	0.1498
Rateable Value Highway Drainage Charge	0.1378
Fixed charges for customers only using Surface Water & Highway Drainage (£ per annum)	
Surface Water & Highway Drainage Only Charge	41
Other unmeasured charges (£ per annum)	
Assessed Band 1	127
Assessed Band 2	188
Assessed Band 3	229
Assessed Band 4	263
Assessed Band 5	307
Assessed Band 6	343
Assessed Band 7	378
Assessed Band 8	411

² Customers eligible for the Surface Water Drainage rebate will not be charged for this element.

Schedule 4**Measured wholesale wastewater charges****Charges for a measured wastewater service:**

Category of charge	£ per m ³
Volume Charge	1.7911

Subject to a minimum annual charge of £20,000 and a one-off sampling fee of £500 customers may elect to pay wastewater charges based on the actual strength of effluent discharged.

In this case the volume charges above will be those set out under R, V, B and S within our schedule 5 - wholesale trade effluent charges.

Additional fixed drainage charges**Where water use is ≤20,000m³:**

Category of charge	Surface Water Drainage Charge ³	Highway Drainage Charge
	£ per annum	£ per annum
Non-household meter <25mm	25	23
Non-household meter ≥25mm <30mm	127	121
Non-household meter ≥30mm <40mm	208	197
Non-household meter ≥40mm <50mm	286	270
Non-household meter ≥50mm <65mm	525	495
Non-household meter ≥65mm <80mm	763	720
Non-household meter ≥80mm <100mm	1,341	1,265
Non-household meter ≥100mm <125mm	2,326	2,192
Non-household meter ≥125mm <150mm	3,160	2,980
Non-household meter ≥150mm <200mm	4,771	4,497
Non-household meter ≥200mm	6,320	5,958

³ Customers eligible for the Surface Water Drainage rebate will not be charged for this element.

Where water use is >20,000m³ or where waste is charged on the basis of strength:

Category of charge	Surface Water Drainage Charge ⁴	Highway Drainage Charge
	£ per annum	£ per annum
Water use >20,000m ³ <162,000m ³	1,581	1,490
Water ≥162,000m ³ <342,000m ³	3,965	3,738
Water use ≥342,000m ³	6,320	5,958
Waste charged on basis of strength	3,160	2,980

Where the premises are primarily made up of houses:

Category of charge	Surface Water Drainage Charge ⁴	Highway Drainage Charge
	£ per annum	£ per annum
Charge per house	25	23

⁴ Customers eligible for the Surface Water Drainage rebate will not be charged for this element.

Schedule 5

Wholesale trade effluent charges

Category of charge	Customer discharge of trade effluent service (m ³ per annum)		
	0- 24,999	25,000- 49,999	≥50,000
Measured service charge (£ per annum)	350	495	700
R (reception & conveyance) ≤80 MI of total waste discharge ⁵ (£ per m ³)	0.7317	0.7317	0.7317
R (reception & conveyance) >80 MI of total waste discharge ⁵ (£ per m ³)			0.2986
V (primary treatment) charge (£ per m ³)	0.3075	0.3075	0.3075
B (secondary treatment charge) ≤80MI of total waste discharge ⁵ (£ per m ³)	0.4419	0.4419	0.4419
B (secondary treatment charge) >80MI of total waste discharge ⁵ (£ per m ³)			0.3756
S (sludge treatment and disposal charge) (£ per m ³)	0.2298	0.2298	0.2298

B charges are stated at the assumed standard strength of 802 mg per litre

S charges are stated at the assumed standard strength of 313 mg per litre

⁵ In cases where wastewater customers have elected to pay on the basis of the strength of effluent the "total waste discharge" will be the addition of foul wastewater and trade effluent volumes.

Schedule 6

Reservation Water Tariff

Category of charge	Reserved capacity (m ³ per day)			
	>55	>137	>444	>937
Measured service charge (£ per annum)	401	401	401	401
Reservation charge (£ per m ³ per day)	258.5	238.7	172.3	139.0
Capacity usage charge (£ per m ³ per day)	1.4021	1.2949	0.9346	0.7540
Above capacity charge (£ per m ³ per day)	1.8693	1.8693	1.3302	1.0808

Non-primary charges

Surveys and Inspections	£
Verification of service provision and site inspections Where the Retailer requests the Company to visit a Non-Household Premises to ascertain the correctness of market data, the charge will be payable by the Retailer where the market data is found to be correct. Where the market data is found to be incorrect no charge will be payable.	78
Survey for temporary or permanent disconnection Where a disconnection is requested for a non-household premise connected to the Company's network, the Company will undertake a site survey to assess the viability of carrying out a disconnection and which charge applies.	107
Inspections to ascertain misuse under WIA 1991 Where the Retailer requests the Company to visit a Non-Household Premises to provide a water fitting regulations inspection, the charge will be payable by the Retailer.	78
Survey for assessment of installing or replacement of meter Where the Retailer requests the installation, replacement or resizing of a meter connected to the Company's network the Company will levy the charge for performing a site survey to assess the viability of the activity.	85
Survey for 3rd party logger installation Where the Retailer requests the installation of a logger at a Non-Household Premises connected to the Company's network the Company will perform a survey to assess the viability of installation.	85
Abortive visit (any service) Where the Retailer fails to notify the Company in advance that any appointment made between the Company and the Retailer to carry out works at the Non-Household Premises cannot be carried out, the charge will be payable by the Retailer.	64
General water, wastewater and trade effluent	£
Verification of service provision - desk top study Where the Retailer requests the Company to ascertain the correctness of market data, the charge will be payable by the Retailer where the market data is found to be correct and the Company has confirmed this without the need to visit the site. Where the market data is found to be incorrect no charge will be payable. This charge will only be payable if the time taken is deemed material.	40
Damage to apparatus Where a Third Party damages assets belonging to the Company, all costs incurred associated with all activities required to replace and reinstate the asset will be recovered from the Retailer.	At cost
Replacement of lead service pipes Where a Third Party has lead service pipes and the water supplied is found to contain levels of lead above safe thresholds, the Company will replace the pipes up to the point of entry of the property at no charge to the Third Party.	No charge

Water - disconnection

£

<p>Temporary or permanent disconnection for non-payment - standard installation, infrastructure modifications not required</p> <p>Where a disconnection is requested for non-payment and a site survey has found the disconnection to be viable where installation is standard and infrastructure modifications are required, the charge will be payable by the Retailer for the Company undertaking the activities required to disconnect the Non-Household Premises.</p>	129
<p>Temporary or permanent disconnection for non-payment - standard installation, infrastructure modifications required</p> <p>Where a disconnection is requested for non-payment and a site survey has found the disconnection to be viable where installation is standard and infrastructure modifications are required, the charge will be payable by the Retailer for the Company undertaking the activities required to disconnect the Non-Household Premises.</p>	422
<p>Temporary or permanent disconnection other than non-payment - standard installation, infrastructure modifications not required</p> <p>Where a disconnection is requested either by the customer or for a reason other than non-payment and a site survey has found the disconnection to be viable, the charge will be payable by the Retailer for the Company undertaking the activities required to disconnect the Non-Household Premises.</p>	107
<p>Temporary or permanent disconnection other than non-payment - standard installation, infrastructure modifications required</p> <p>Where a disconnection is requested either by the customer or for a reason other than non-payment and a site survey has found the disconnection to be viable, the charge will be payable by the Retailer for the Company undertaking the activities required to disconnect the Non-Household Premises.</p>	399
<p>Temporary or permanent disconnection - non-standard installation</p> <p>Where a disconnection is requested and a site survey has found the disconnection to be viable however the installation is non-standard, the charge will be provided as a quote and payable by the Retailer for the Company undertaking the activities required to disconnect the Non-Household Premises.</p>	Quote
<p>Reconnection post temporary disconnection</p> <p>Where a reconnection of supply is requested to a Non-Household Premises, the charge will be payable by the Retailer for the Company undertaking the activities to reconnect the Non-Household Premises. Infrastructure charges may be payable in addition to the published charge.</p>	107

Water - meters

£

<p>Meter accuracy test (25mm or less) Where the Retailer requests the Company to perform a meter accuracy test or when the Company undertakes a meter accuracy test due to a Retailer's report of a fault at a Non-Household Premises connected to the Company's network and the meter is 25mm or less, the charge will be payable by the Retailer if the meter is found to be recording accurately. If it is found that the meter is not reporting accurately no charge will be payable.</p>	95
<p>Meter accuracy test (greater than 25mm) Where the Retailer requests the Company to perform a meter accuracy test or when the Company undertakes a meter accuracy test due to a Retailer's report of a fault at a Non-Household Premises connected to the Company's network and the meter is greater than 25mm, the Company will provide a quote for carrying out the work if the meter is found to be recording accurately. If it is found that the meter is not reporting accurately no charge will be payable.</p>	Quote
<p>New meter installation, replacement or resizing - modification of infrastructure not required (25mm or less) Where the Retailer requests the installation, replacement or resizing of a standard meter sized 25mm or less and no infrastructure modification is required the charge will be payable by the Retailer for carrying out the works. The Retailer will be responsible for ensuring the Company has the required access to the Non-Household Premises in order to carry out the works. Infrastructure charges may be payable in addition to the published charge.</p>	96
<p>New meter installation, replacement or resizing - modification of infrastructure not required (greater than 25mm) Where a disconnection is requested either by the customer or for a reason other than non-payment and a site survey has found the disconnection to be viable, the charge will be payable by the Retailer for the Company undertaking the activities required to disconnect the Non-Household Premises.</p>	Quote
<p>New meter installation, replacement or resizing - modification of infrastructure required (25mm or less) Where the Retailer requests the installation, replacement or resizing of a standard meter sized 25mm or less and infrastructure modification is required the charge will be payable by the Retailer for the Company carrying out the works. Infrastructure charges may be payable in addition to the published charge.</p>	437
<p>New meter installation, replacement or resizing - modification of infrastructure required (greater than 25mm) Where the Retailer requests the installation, replacement or resizing of a standard meter sized greater than 25mm or a non-standard meter of any diameter and infrastructure modification is required the Company will provide a quote for carrying out the works. Infrastructure charges may be payable in addition to the published charge.</p>	Quote
<p>Make meter ready for 3rd party logger installation - meter is in situ with no modification of infrastructure Where the Retailer requests the installation of a Third Party logger and no modification of infrastructure is required, the Company will carry out the works and the charge will be payable by the Retailer.</p>	228

Make meter ready for 3rd party logger installation - meter is not in situ or modification of infrastructure is required Where the Retailer requests the installation of a Third Party logger and modification of infrastructure is required, the Company will carry out the works and the charge will be payable by the Retailer.	Quote
Provision of meter or logger data Where the Retailer requests logger data from the Company, the Company will provide in .csv format up to 12 months of historical data for each logger requested.	29

Water - unmeasured and Third Party supplies

£

Unmeasured cattle troughs Where a cattle trough is not connected to a measured supply, an annual fixed sum will be payable by the Retailer.	365
Unmeasured standpipes Where the Retailer requests access to the water distribution network via an approved standpipe the charge will be payable by the Retailer for a standpipe of size up to 25mm.	206
Portable standpipes up to 22mm Where the Retailer requests access to the water distribution network via an approved standpipe the following charges will be payable by the Retailer for a standpipe of size up to 22mm.	
Short term weekly hire	35
6 monthly hire	660
12 monthly hire	1,080
Flow and pressure test for fire sprinkler system Where the Retailer requests the Company to perform a flow and pressure test for a fire sprinkler system at a Non-Household Premises connected to the Company's network, this activity will be charged at cost of providing the works.	At cost

Trade effluent

£

Trade Effluent Consent Where the Company issues a full Consent for a Trade Effluent discharge. The following charge applies for activities involving risk assessment and administration.	370
Letter of Authority or Temporary Agreement Where the Company issues a Letter of Authority or Temporary Agreement for a Trade Effluent discharge. The following charge applies for activities involving risk assessment and administration.	220
Temporary Letter of Authority Where the Company issues a Temporary Letter of Authority for a Trade Effluent discharge. The following charge applies for activities involving risk assessment and administration.	61
Enforcement of consent breaches	

The Company reserves the right to recover any cost incurred following a breach of consent. For full details on our Trade Effluent Enforcement Policy, please see our website: <https://www.wessexwater.co.uk/services/businesses/trade-effluent>

Water - fire hydrants

£

Installation of fire hydrants on new main	
Main not exceeding 90mm dia.	1,403
Main not exceeding 150mm dia.	1,430
Main not exceeding 180mm dia.	1,479
Main not exceeding 200mm dia.	1,546
Main exceeding 200mm dia.	At cost
Installation of fire hydrants on existing main	
Main not exceeding 90mm dia.	1,152
Main not exceeding 150mm dia.	1,189
Main not exceeding 180mm dia.	1,326
Main not exceeding 200mm dia.	1,393
Main exceeding 200mm dia.	At cost
Fire hydrant maintenance	
Rebuild chamber	751
New surface box (frame and cover) including change of cover / lid request	499
Rewasher without excavation	514
Replace fire hydrant with excavation	1,364
Replace fire hydrant without excavation	804
Abandonment / disconnection of hydrant (no adoption)	At cost
Unable to locate / operate fire hydrant	125
Traffic management and any other work required	At cost
Traffic management and any other work required as a result of any fire hydrant work will be charged at cost in addition to the above charges	
Adoption of a Fire Hydrant as a Washout Hydrant	
Should the Company agree to adopt a Fire hydrant (no longer required), the asset will only be adopted in full working order. Charges above will apply where necessary.	

Definitions of standard and non-standard activities**Standard**

All of the charges listed as standard (including those that are listed as standard not requiring infrastructure modifications) are for requests that not classified as requiring infrastructure modifications or as non-standard and are a fixed charge.

Standard requiring infrastructure modifications

If a request requires any excavation or modification of an existing asset or any apparatus associated to its operation or installation, where specified the charge payable will be the charge with modification of infrastructure costs.

Non-standard

A quote will be provided for all requests classified as non-standard. Requests that include one or more of the following will be classified as non-standard:

- where the meter size is 30mm or greater
- requiring a road closure
- requiring notifications to third parties in advance of commencement of works
- requiring warrants for access
- for flow data that require a site visit to obtain
- where an additional charge is required for infrastructure (extra network demand)
- any activity not listed which requires disproportionate effort on the part of the wholesaler

Methodology for quote-based charges

Where the non-primary charge is based on a quote, the calculated charge is based upon a standard cost and anything non-standard added separately. The charge takes account of the following items:

- labour
- plant
- materials
- road closure and highway disruption
- serving notices
- obtaining warrants

Abortive visits

The Retailer is responsible for ensuring the company has the required access to the Non-Household Premises in order to carry out the works. The abortive visit charge will apply in this case.

Wessex Water Services Ltd
2023-24 Indicative Wholesale Charges

Special agreements

The table below sets out the wholesale charges applicable to all Eligible Premises that are not charged under the standard charges contained in the Wholesale Charges Scheme.

SPID	Service	Charge
3015128353W15, 3015128361W12, 301521649XW1X	Water	£0.2967 per m ³ up to 49,773m ³ , then £0.6141 per m ³ up to 66,364m ³ , then £2.2499 per m ³ . Standing charge of £0
3015284371W12, 301528438XW1X, 3015284398W17, 3015284401W12	Water	£1.1691 per m ³ . Standing charge of £0
301510683XW1X	Water	£1.2984 per m ³ . Standing charge of £0
3015156861W12, 3015375520W16, 3015375490W16, 3015375512W19, 3015156829W13, 3015157175W18, 3015375466W14, 3015375482W19	Water	£0 per m ³ up to 18,253m ³ , then £0 per m ³ up to 26,550m ³ , then £2.2757 per m ³ . Standing charge of £0
3200058064W11	Water	Free water up to 4,230m ³ , then £2.0655 per m ³ . £0 standing charge
